A preparation of mild spices in which cream & coconut is used to create the delicacy of its flavour & creamy texture

### Bhuna Dishes

Bhuna is first and foremost a cooking process where garlic, finely chopped onions and medium hot spices are gently fried in oil to bring out their flavour, meat is added to the sauce and cooked in its own juices which result in deep strong flavours but very little sauce

### Dupiaza Dishes

Similar style of cooking to the Bhuna dishes, but diced onions and peppers are spiced and cooked separately before being added to the dish, with medium hot spices

### Rogan Josh Dishes

Another all time favourite, originally a Kashmiri dish. Cooked using plenty of fresh tomatoes, garlic and fresh coriander to create an exquisite dish.
